

MARIOS FILIPPIDIS

|Address: Gini 46, Kalivia Thorikou 19010, Athens-Greece |Date of Birth: 27 August 1993|
Nationality: Greek| Mobile Number: +0030 6972576445|Email: filippidismarios@gmail.com|

SUMMARY

A highly motivated and positive BSc undergraduate student with a strong academic background and keen interest in both software and hardware part of computer systems, seeking to explore challenges as an engineer within an IT company, large multi-functional or multi-national business through an internship. Adopts a creative approach in problem solving through the use of top analytical skills. Able to plan, prioritize and manage a demanding workload in a timely manner. Focused on results and committed to excellence. Looking forward to find a MSc program in the fields of "Information and Intelligent Systems", "Robotics-Control and Automation" or "User Interaction".

EDUCATION

2011-2014 (expected on January) **Aalborg University, Denmark**

Bachelor of Science in "Computer Engineering", specialized in "Information Systems" (BSc)
Average: 7/10

- Main courses: Information Systems, Human Computer Interaction, Operating Systems, Languages and Compilers, Calculus for Electronics, Advanced Algorithms, Cooperation, Learning and Project Management, Networks Technologies and Distributed Systems

June 2011 – July 2011 **"6th Meet Your Future" Summer School, Athens Information Technology (AIT)**

Certificate of attendance

- Gained a general understanding of computer architectures and the history of informatics.
- Studied about networks, computer architectures, programming languages, electrical circuits.

June 2011 **1^o General Lyceum in Kalivia Thorikou, Athens**

- Average: 18/20

IMPLEMENTED PROJECTS

- **Lego Mindstorm RoboCup**
October 2011 – November 2011, Athens Information Technology (AIT)
- **Radio Frequency Identification (RFID)**
November 2011 – January 2012, Athens Information Technology (AIT)
- **NXT Robot Farm Patrolling**
February 2012 – July 2012, Athens Information Technology (AIT)
- **Simulation of AC computer and peripheral devices**
October 2012 – January 2013, Athens Information Technology (AIT)
- **Multi-Threaded Simulator**
January 2013 – June 2013, Athens Information Technology (AIT)
- **A system for secure and automated generation of botnet traffic signatures**
September 2013 – December 2013, Aalborg University
- **Speech Recognition on Social Robots**
January 2013 – June 2013, Aalborg University

COMPETENCES

Computer:

- Languages: Java, C, Python, Matlab
- Microsoft Office , Latex

Foreign Languages:

- English: Excellent command of English, both orally and in writing (IELTS degree + study in a University abroad)
- German: Basic skills (Certificate B1 Level)
- Greek: Mother tongue

ADDITIONAL SKILLS, QUALITIES AND INTERESTS

Travel: Denmark, Scotland, Germany, England, Holland, Sweden

Driver License: Yes
